Knowledge Testing

Written Tests

We provide knowledge testing for all drivers licence classes, air brakes and Safety Fitness Certificates.

All tests are done in office during regular office hours. Appointments are not required, and exams are written on a first come first serve basis. Please text your first name to 825-807-9007 when you are in the parking lot, and wait for a text to come in. Exam questions deal with general knowledge, rules of the road, the Graduated Licence program and road sign recognition.

- Access to [online study guides](#) are available from Service Alberta website.
- All applicants must provide [acceptable identification](#) for classes 1, 2, 3, 4 and 6.
- Class 7 requires [acceptable identification](#) proof of legal presence and proof of residency.
- No consent for a minor is required to challenge the knowledge test, all applicants under the age of 18 only require parental consent when issuing the operator class application once successful.
- Your exam must start at least 30 minutes before closing time at 4:00 pm.
- There is no time limit on how long you must complete the test.
- We have ear plugs in office for purchase if you wish to reduce noise during the test for \$2.00.
- Test questions are randomly selected by computer, and the multiple-choice answers are randomly arranged. This means there is never an identical driver's licence test.
- You will need to correctly answer a minimum of 25 out of 30 questions to pass. If you get six wrong answers, you will be unsuccessful.
- If you are unsuccessful, you may challenge the test once per day. There are not limits on the number of times you challenge the test.
- Clients with difficulties reading and/or comprehension of the English language may have other options available, please visit the office to inquire. Feel free to bring headphones with a headphones jack if you wish to have an audio test.
